## "KEEP MOVING FORWARD"

VOLUME 8

NEWSLETTER

August 2010

September Articles are Due to Editor Lea Alderman at [hm.alderman@hotmail.com](mailto:hm.alderman@hotmail.com) on August 18<sup>th</sup>.

### **FROM THE PRESIDENT.....**

#### **JULY – THANK YOU:**

Let me start the August Newsletter by thanking all those people who were a tremendous help in making the street dance a complete success, as were the rest of the WaverlyFest activities. I especially want to send a special thank you to Dave Moore, Jeremy Greve and Dave Werth – without you three, the street dance would never happen. I would also like to thank our many new members who helped with set up, the dance and the clean up. The dance has so many aspects to it and there were so many people that helped. It's truly a team effort.

#### **AUGUST**

Congratulations to everyone for a very successful second quarter. There were many of you who won awards and I would like to say those are very well deserved. It's nice to be recognized for a job well done and that's one bonus the Jaycees offer. Come to the GMM on the 10<sup>th</sup> to get your awards so everyone can see who all won.

There were two new members who spoke at this convention and I'd like to tell everyone what a great job Mandie Oliver and Mis Lovenburg did. I attended both their sessions and learned many new things at each. It was a cool thing also to have two speakers from Waverly – you girls both rock – thank you again.

The mid-year report was due for this convention and is a tool that the chapter can use to keep on track for success. Our mid-year report won several awards at convention, so not only does that mean the report was good, but it is a great indication that the chapter is definitely headed in the right direction. Way to go Waverly Jaycees! I also believe that this is going to be a great tool to pass on to the preceding board of directors. Keep up the good work, keep sharing the opportunity that this great organization has to offer with all your friends and we'll definitely KEEP MOVING FORWARD!

Michelle Werth  
President

**CONGRADULATIONS TO THE NEWEST  
WAVERLY SENATOR LISA FINCH!**

- Old Business:** WaverlyFest – everything was a success. Fireworks brought in about \$2,000.00, however, this is a lot of work and we may not want to participate in this next year with everything else we have going on during that time. Attendance was a lot better than last year but still down from previous years. The Parade went very well with 58 entries. The fireworks display was great. Tammi Moore did make a suggestion for talking to the City Clerk about raising fees for the firework tents next year to help pay for the display rather than the Jaycees paying for all of it.

  - Recycling of WaverlyFest Trash:** Went very smoothly. Took less than an hour thanks to all the helpers.
- III. Community Engagement:** **Mandie Oliver**

- VI. Installation of New Members:** Brandon & Jacqueline Zech and Raechelle Rider were installed into the Waverly Jaycees!
- VII. Presidential Comments:** Michelle became president this year with the purpose of continuing the growth of the Waverly Jaycees. She is always looking for the next President. Anyone interested? ☺

# NEWS FROM OUR MEMBERS

## INTRODUCING RIDER CHIROPRACTIC

Rider Chiropractic is not your ordinary chiropractor's office. They offer a wide variety of services, and treat more than headaches and back pain. Plus, Dr. Rider is a proud member of the Waverly Jaycees. The services include the traditional hands-on chiropractic adjustment, acupuncture, ultrasound (not the baby seeing type), muscle stimulation, nutritional advise and supplements, DOT physicals, ergonomics evaluation and trainings, and health talks, to name a few.

Most people are not sure what chiropractors treat besides back pain and headaches. Chiropractors are trained to treat any musculoskeletal conditions as well as nervous system conditions. Please contact Dr. Rider with any questions you have about a specific problem. 402.786.0257.

If you are wondering if the adjustment hurts, for most people it does not hurt, it actually feels good. If you haven't been adjusted before or for a long time, you may feel a little sore afterwards. The soreness is similar to the soreness your muscles feel after you haven't worked out in a while. The popping noise sometimes associated with an adjustment is called cavitations, which is just a tiny gas bubble within the joint space popping. It can be a little unnerving at first.

Please feel free to contact Rider Chiropractic for an appointment or any questions. 402.786.0257.

Raechelle Rider
