“KEEP MOVING FORWARD”

VOLUME 9

NEWSLETTER

September 2010

October Articles are Due to Editor Lea Alderman at hm.alderman@hotmail.com on September 15th.

FROM THE PRESIDENT.....

September brings the start of my very favorite season – FALL! I love the cooler weather but mostly love the fall colors – watching the leaves change has always been amazing to me. It also brings about Football! The Jaycees have helped the high school for years by taking tickets at the home varsity games and running the chains on the sidelines. We are again going to be doing this for the high school. It's such a fun job that we have and it creates good awareness with the community too. So put on your Waverly Jaycee gear and come help us take tickets or run the chains at the home varsity games, you'll have a great time! ☺

Softball has been going really good. I can't even begin to tell you how impressed I am with our team. They have done a great job with each team played so far and even went into overtime as the game can't end in a tie. Not ever having experience playing myself I think it's been amazing what this team who has never played together before this year has done. I know we aren't winning out there but you are all winners to me – showing up each week and giving your all – it's been real fun to watch this team work together!

Let's keep working together as we prepare for the local Punt, Pass & Kick youth competition to be held this month. Sunday the 12th 2:00 at the Jaycee Fields is where our competition is going to be held. Ideally we can set up three stations and get the kids all doing each part of the competition at the same time – to do this we will need several helpers. It is such an awesome feeling to watch the area youth out there doing these competitions it really warms your heart to do things for the kids. It's cute to watch the kids try something new, try their very best and cheer each other on. So give us a couple hours of your time to help the area youth – you'll find it's well worth your time. ☺

Well worth your time – it's time to start thinking about next year and who will be taking over my job. You want to talk about something that is “well worth your time” the Jaycees are definitely right up there. I have tremendously enjoyed being the President this year. I highly encourage anyone who's at all thinking this position might be for them to give me a call. I feel very proud to say that I'm associated with the Jaycees and would really like for all the hard work and time that has been put into this organization even before me to continue for years to come. In order for that to happen someone needs to take the leap into leadership. It's a bit scary at first, but you'll have so much support it's really silly to think you are doing this alone. One truly amazing thing about this organization is – you might age out of the local positions on the board – but you never age out completely. Once a Jaycee always a Jaycee – if ever someone needs advise, help or to chat any past Jaycee would be happy to help in anyway they can. I'm looking forward to being that person for someone else as I have had so many people be just that for me. It's time to KEEP MOVING FORWARD! Contact me at 402-450-6942 I'd be happy to talk about the Jaycees! ☺
